

# NIPA CONTACT SHEET

Issue 3 - January 2023

## President's Welcome

At NIPA Council on Monday 9th January 2023, I was formally nominated as President. All Council members voted and I officially assumed my role as President for the Northern Ireland Photographic Association. I am exceedingly proud to hold this role in the Association. "With great power, comes great responsibility". I will endeavour to do my best to progress our core mission in the 'advancement of photography in all forms'.

I think we have a great opportunity to meet up in person due to the geographical size of our country and Zoom offers up more opportunities for meeting NIPA club members on a regular basis without travel. Our Adjudications are both social and educational nights and the in-person connections made are valuable.

When I became Chair for Enniskillen Photographic Society in 2016, I didn't really know what or who NIPA was. I knew a selection of our photos went up to NIPA for an overall Northern Ireland wide competition. And that's about it! So, I asked some questions, got some answers and ended up at an adjudication night in Banbridge. I met some people, who introduced me to some more people, and I got to meet some people who would judge for us, and the connections magnified over time.

## If nothing changes, nothing changes

It's important to acknowledge that NIPA is entirely made up of volunteers. Volunteers who often give up time outside of work, or with their families to help run the Association. For everyone that contributes, I am sincerely thankful.

We've all had a challenging few years; same storm, different boat. I know we are ready to build upon the sturdy foundations we already have at NIPA, and to expand on what we can offer. Of course it takes time and effort, and more importantly volunteers. I have put ideas to paper, and started to create a NIPA Development Plan which will be introduced to Council in February. I look forward to sharing these plans in due course. Some, like the coffee morning and newsletter, are already in place.

In the NIPA Contact Sheet, I hope to educate members on PAGB, NIPA and many external organisations also passionate about photography. I welcome all suggestions you may have. Be inspired by the Distinctions panels, and maybe start your own journey on one! We're about to start lambing here, a totally different journey!

# Genres and Themes

We are pleased to announce the following topics based on the most popular choices suggested by NIPA club members. Suggestions were discussed by Competition Committee, and approved by Council. 2023 / 2024 was decided in the previous survey.

Years	Round 2 - Genre	Round 4 - Themes
2023 / 2024	Still Life	Entertainment / Arts
2024 / 2025	Architecture	Flowers
2025 / 2026	Macro	Intentional Camera Movement
2026 / 2027	Pets	Minimalism
2027 / 2028	Nature	Long Exposure
2028 / 2029	Sport	The colour red
2029 / 2030	Human Portraits	Film or TV show titles

The good thing about having genres and themes in advance is the ability to tune into presentations on relevant topics and start to build a foundation and gain ideas. This one is appropriate for our Flowers topic and was emailed to all Club Secretaries last week.

The PAGB notified us of the free FIAP talk:

# Panel Project 2021

The Panel Project was completed by many Clubs in 2021. It was an interesting challenge to work as a Club to create one body of work on a subject. The result has been the panels below which can be properly seen on the NIPA website. Some have been exhibited in their local communities.

<https://www.nipphoto.co.uk/panelproject2021>

## “Tell us a Story” - Panel Project 2022 - 2023

The **NIPA Project Initiatives Committee** has been initiated to continue with projects that are non-competitive. The Panel Project for 2022-2023 is **to produce a panel of 10 images telling a story reflecting the interests of each entering club.**

This year the geographic element is encouraged but not made compulsory - it is much preferred that the “Story” has elements of the location and geographical area for each club to reflect the fact we are scattered across the Province, each club with a unique perspective, but all the images do not have to comply in the interest of freedom to tell the story.

### What is your Club's Story?

Photos to be taken between 1st May 2022 and 30th April 2023 and submitted to NIPA by the third week of June 2023.

*Congratulations*

## Hugh Rooney FRPS

Sincere congratulations to Hugh Rooney on his successful Fellowship of the Royal Photographic Society! The Statement of Intent accompanies the panel of 21 photographs which were submitted as a prints.

### Statement of Intent

I have always loved visiting and photographing the world's great buildings, especially the best of modern architecture.

This panel of black and white prints is my personal visual interpretation of twenty one such locations, taken in ten different countries around the world. The images are all taken from the perspective of someone passing by in the street.

I have accentuated light and shade to draw attention to the shape and form, and to emphasize the strong lines, angles, curves and textures of these buildings.

# Congratulations

## Jennifer Willis FRPS FIPF MPAGB EFIAP BPE4\*

Sincere congratulations to Jennifer Willis on her successful Fellowship of the Irish Photographic Federation and the Royal Photographic Society. The Statement of Intent accompanies the printed panel of 20 photographs. These images are currently on display by Belfast Exposed at the Strule Arts Centre in Omagh as an exhibition by Jennifer entitled 'Seen to be Heard' until January 28th 2023.

### Statement of Intent

"Often Breast Cancer is represented in the media with images of women celebrating 'a battle won'. Unfortunately, all 20 women in my panel have received the devastating terminal diagnosis of Secondary (Metastatic/Stage 4) Breast Cancer. Each walks their own path to the same inevitable end.

As a photographer, I aimed to capture the physical and emotional cost to each of them living with this diagnosis. Building a trusting relationship before lifting the camera was essential to representing each of their stories with dignity and authenticity.

In the intimacy of the studio, they bared their physical scars, but also confided in me their pain, their emotions, their hopes and fears - often for the first time. They became my friends.

Tragically, none of them will win this battle - one they did not choose - and this project will become part of their legacy."

**Seen to be Heard**  
 I attended the opening of 'Seen to be Heard' by Jennifer Willis in Omagh. Oh my word, the detailed and life size prints are one aspect, but hearing Jennifer's words, and meeting the ladies who are living with incurable secondary breast cancer just takes this exhibition to another level. I was moved to tears, more than once.

Opening Talk  
 by Jennifer Willis

This project is hard hitting, and it's meant to be. This is photography bringing about change and that's so powerful. On a practical side, to take photos of 23 different ladies (so far) and to make them work as a one coherent body of images is one thing.

On an emotional side, you can see and feel the core of each lady photographed. Their raw emotion, their fear, their bravery, their fight, purely themselves. Take time out of your busy schedule to visit this exhibition. *Powerful is the word.*

# The Irish Photographic Federation (IPF)

The Irish Photographic federation is comprised of photographic clubs throughout the Republic of Ireland. It is governed by a National Council, the members of the Council being elected at the AGM from member clubs. The Federation is very much a co-operative movement which is dedicated to helping Irish photographers advance the standard of their photography. The Irish Photographic Federation is 34 years old. The IPF council has a number of sub-committees that report to Council. These committees are charged with managing various functions with the IPF and report to the council from time to time as required. Some NIPA Clubs are also affiliated to the IPF.
